

KEMPE ENGINEERING CHARTER

The Kempe Engineering Charter aligns with our Corporate Strategic Plan and the goals set to achieve our aspirations of growth and sustainability.

Our Vision

To be recognised as a leading world class specialist engineering company.

Our Mission

To work in long-term relationships to develop and sustain our clients' capital assets by providing specialist engineering products, services and solutions to industries including recycling, mining, rail, oil & gas, power generation and manufacturing & processing.

Our Values

- Put safety before profit
- Committed to delivering exceptional performance
- Create superior value for our clients
- Maintain relationships through collaboration and treat people with respect and dignity
- Enhance the local community in which we work
