

QUALITY POLICY

Kempe Engineering is committed to management and operational processes and systems to ensure we meet the service and quality expectations of our clients.

In order to achieve this outcome we are committed to achieving the following objectives:

- The ongoing improvement and development of structures, processes and procedures in order to continually improve the quality of Kempe products and services
- Ensure that effective training and communication of employees is maintained regarding the requirements of the Quality Management System
- Continual review of our Quality Management System to ensure a high standard of quality
- Strive for best practice outcomes utilising accredited systems in accordance with ISO 9001:2015
