

Ancillary Products

Kempe's ancillary products have been selected to complement and integrate with our core product range.

These ancillary products when combined with our core product range add value by creating a total packaged solution.

Products include but are not limited to:

- Pipes
- Flanges
- Gaskets
- Fittings
- Strainers
- Compressed Air Lines
- Hose Reels
- Seals and O-Rings
- Sealants
- Industrial Lubricants
- High Pressure Jacking Equipment
